JOHN TITLOW BEGINS CONSTRUCTION OF NEW COLLECTION BUILDING

Ocean Beach is to have a new San Diego Gas & Electric Company collection and service building early this winter, according to plans announced here this week. In order to meet the needs of the rapidly growing Ocean Beach area the company for several years had been planning to provide larger quarters than those now being used at the corner of Niagara and Bacon St. The war, however, interfered with the plans, and construction was delayed until this summer.

John A. Titlow, local business man, who operates an insurance and real estate business at the corner of Niagara and Bacon, announces that he began construction last week on a building 20 by 50 feet, which he is constructing in accordance with plans required by the Gas & Electric company. He is leasing the building to the firm, and hopes to have it ready for occupancy by Nov. 1 of this year.

The new building will be of stucco and will be located at 4985 Niagara Ave., a site adjoining Mr. Titlow's real estate office on the east.

According to the building plans a large reception hall with long

## Ocean Beach Garden Club To Meet In Rosecroft Gardens August 25

Monday, August 25, will see the second meeting of the newly organized Ocean Beach Garden club. Club officers extend an invitation to all residents of the Beach to join with the ladies in an extended beautification program which is expected to add materially to the property value, prestige, and appearance of the community.

The club plans to educate its members as to what type of horticultural activity will be most beneficial to the community. Classes in terminology, modern landscaping, seasonal planting, and other such subjects will be held. For these classes, club officers expect to have experts in the various fields to lead the discussions.

Program Chairman Mrs. E. D. Buffalo announced this week that the forthcoming meeting will be held in the Rosecroft Begonia Gardens at 510 Silvergate Ave. Mrs. Katherine Hunter, owner of the gardens, will conduct the members on a tour of the place. Mrs. Hunter has been an active supporter of the movement since its inception and Chairman Mrs. Buffalo expressed the club's gratitude to her.

## Lions Club Plans Family Beach Party For August 28

At their Thursday night (Aug. 14) meeting in the Community Center, the Ocean Beach Lions Club devoted the usual program time to a business discussion, which included a report on the Lions International convention, held in San Francisco this month, by Deputy District Governor George Duryee, of Chula Vista, a guest at the meeting.

Other guests included Oscar Griswold of Chula Vista, and Bill Wright of the Ocean Beach Police Station.

Plans were announced for a "family beach party," to be held on Aug. 28, in lieu of the regular meeting. The speaker for this week's meeting was to be Capt. "Bunny" Cochran of the Navy Submarine Force.

## Norma Finds Much That's Interesting On Florida Tour

This week's installment of the Norma Belloff travelogue tells about the clear pools at Wakula Springs, Fla., where the young Ocean Beach cyclist spent a day swimming recently. Miss Belloff, daughter of Mr. and Mrs. F. H. Belloff of 2111 Mendocino Blvd., is currently on a cross-continent bike tour. She left Ocean Beach in January. Following are excerpts from letters and cards written to her mother.

Howdy, I expected Panama City to be especially attractive but it's not even interesting. The road to it, winds picturesquely around St. Andrews Bay.

## MARSHALL "RED" MALCOLMS HOME FROM EXTENDED TOUR

Marshall "Red" Malcolm and Mrs. Malcolm of 4795 Voltaire St. returned about three weeks ago from a 4400-mile sightseeing trip in their new Studebaker. (Editor's Note: "Red's" modesty evidently accounts for the fact that he had not reported the trip to The News at the time of his return.)

Commenting on the trip, when asked Wednesday, he said he and Mrs. Malcolm had been away 10 days, that they had used the Coast route going north and the inland route returning home and that they had gone as far north as Vancouver, B.C. ("just to say that we had been in Canada.")

They stopped in San Francisco, Portland, Tacoma and Seattle and visited relatives in Portland and in Fresno.

"We found California and Oregon the most crowded with tourists and that business conditions are the best in California of any of the states we visited," he said. "This trip is one that we had planned for several years."

## Kiwanis Help Asked in Forming O.B. 20-30 Club

PROGRAM FEATURES TOY TRAIN HOBBY TALK BY FRANK "TRAINMAN" COX

Kiwanis club was asked this week to put in a good word in a campaign that has started here looking toward the organization of a 20-30 club in this community. Bill Smith, a past president of the Coronado 20-30 club, and Ken Lawson of San Diego, sub-district governor of these clubs, spoke at Tuesday's Kiwanis meeting in behalf of the campaign. President Paul Slaughter of the San Diego 20-30 club and two other members of 20-30 clubs attended the Kiwanis meeting here.

The speakers explained that the 20-30 service club membership is limited to young men between the ages of 20 and 30 and that its service projects include such as the following:

Providing a list of blood donors from among its members.

Helping push campaigns for control of cancer.

Promoting efforts to curb juvenile delinquency.

Aiding in campaigns for traffic safety, especially in the placing of the "Safety Sally" girlish (Continued on Page Two)

## The Beachcomber

Seen: Ed Schoen going up Naragansett in high in the station wagon he's got to part with next month (going to give it away)

... A gadget in the entrance of the Studio of the Cliffs which announces your arrival by a tinkling sound.

Heard: Much agitation for more street lights in the area north of Voltaire, including Larkspur and Seaside streets. This matter should be brought before the attention of the city officials

... A timely suggestion that at least one of the lifeguards at the local beach work a late shift (from about 2 to 8 p.m.), so that there will be no recurrence of the evening drownings such as occurred two years ago and again last week. We hope some action will be taken by the Recreation department on this matter ...

## Doll Show Proves Stellar Event At Recreation Center

An unusually large turnout for the Doll show held in the local Community Recreation Center August 15 was reported by officials of the center this week. The dolls on display were of every description from delicate china to bulky stuffed rag dolls. Many of them made by their youthful owners, the dolls were judged in several classifications.

The best handmade dolls were selected as those owned by Betty Eddy, Janet Mitchell and Ann Farrar. The best dressed dolls were those owned by Barbara Seligman, Gerrie Ann Berkman and Carol and Katie Branch. Betty and Collette Eddy, Leilam Wamsley and Shirley Ann Bamford were judged to have the oldest dolls. The largest collection were owned by Mary Lou Olson, Marion Green and Denise Fletcher. Most interesting collections were those of Dorothy Meyers, Donna Mae Freer and Wanda Peterson. Two special classifications were established for judging of the most authentic historical dolls and the most interesting. In this first group awards went to Shirley Ann Bamford, Donna Mae Freer and Ramona Basich. In the second category the winners were Joyce Tank, Man Evans and Darlene Endicott.

Prizes were sewing kits, ribbons and kits of material for doll clothes. They were provided by a joint committee of the Ocean Beach Junior and Senior Woman's clubs.

Center officials expressed their appreciation to Russell Warren of the Studio of the Cliffs for his generous cooperation in taking pictures of the affair, such as the one shown above.

## Swim Meet To Be Held Sept. 7 In Mission Bay

Following out preliminary plans announced a couple of weeks ago Veteran Swimmer John Woodhead of Mission Beach reports this week that plans have been completed for the holding of the First Annual Mission Beach Transbay Swim in Mission Bay on Sunday, Sept. 7, at 2 p.m. The following eight different classes, with awards in each are being arranged:

Men's class, women's class, Mission Beach entry, Ocean Beach entry, junior boys 12 to 15, junior girls 12 to 15, veteran men swimmers (over 45) and veteran women (over 45). First, second and third awards are to be offered in nearly every class. Also there will be one event for boys and girls under 12, a 50-yard dash.

Yacht Race Also Planned  
A yacht race and motor boat races and water ski contests also are being arranged, Woodhead reports.

Awards offered are gold trophies to each class winner, "no more than one trophy to each contestant, and token certificates to all who finish."

The course to be used will be between one mile and one and a quarter miles long, and the start is set for the south side of El Carmel point, to run to approximately the foot of Isthmus Ct. of Mission Beach, thence north to Santa Clara, and the finish line to be at the foot of Ormand Ct. in Santa Clara bay.

## Petition Goes In For Removal Here Of Cypress Trees

A petition for the removal of damaging cypress trees signed by approximately 40 interested business men and others of the Voltaire St. section was filed this week with the City Council. The councilmen Tuesday referred the matter to Neal D. Smith, acting city manager. When interviewed Thursday, the city manager's office stated that the petition had not yet come to Smith's desk, but that no doubt it will be given consideration in a few days.

The petition requests that the cypress trees on Voltaire St. in the 4600, 4700, 4800 and 4900 blocks from Bacon to Froude St. be removed by the city as soon as possible. Reasons advanced by George Compton, W. S. Kidwell, and others, who signed the petition, are several in number, as follows:

Trees because of their size, height and foliage are obscuring street lights making a traffic hazard on Voltaire.

That the roots of these trees are tearing up sidewalks and making the planting of lawns adjacent out of the question.

That these trees are smothering the much more sightly palm trees that have been planted on the street.

That several of the cypress trees are rotting and decayed at the core, constituting an additional hazard.

Compton stated that the city council has been previously committed to a policy of removing these trees, having in recent years made a start of the taking out of these trees.

## Opinions Vary On Play Production, The Shining Hour

By Eileen C. King

The "Shining Hour" this week's La Jolla Playhouse production, is provoking widely divergent opinion amongst those who have seen it. Comment ranges all the way from the somewhat shallow observation that "one shouldn't take those people seriously" to the other extreme attitude that it's a "dangerous" play with a "dangerous" theme. Perhaps an accurate summation lies somewhere in between. It might well be dangerous if taken too literally, but if taken with a grain of salt as one man's opinion on a quite complicated subject, the play affords good material for rehash discussions and even to the unarguable, an evening of interesting reflection.

The complicated subject, in its essence, boils down to the very simple question of whether the ends justify the means. More specifically, whether an overpowering love in itself justifies a selfish disregard of the happiness of others concerned. Arthur Winters in this case obviously thought it does, as his heroine, in a melodramatic fit of self-sacrifice, deliberately allows herself to be burned beneath the flaming roof of the barn in order to leave the way clear for her husband to go off with his brother's wife.

Judy, The Shining Hour's over-generous young heroine, was first (Continued on Back Page)

## School Board Lets Contract For New Classrooms To Golden Firm

### Sullivans Open Ice Cream Stand After Leasing Cubby Hole

It was reported to the News this week that the Cubby Hole, beach concession next to the police station, has been leased by Mr. and Mrs. Mike Sullivan to Phil Sjoberg, who was formerly connected with the Cache of Sweets. The Sullivans have opened a new ice-cream concession west of the Cubby Hole.

Mr. Sullivan reports that he conducted a contest to name the new place, with Gordon Penwarden, Andy Castle and Allen Blackwell as judges. The winner was young Jimmy (Mouse) Robb who submitted the name "Nip and Dip." He received a \$5 prize from Mr. Sullivan and a day at the Del Mar race track from Mrs. Sullivan.

## Mission Bay C. C. To Ask For Bay Area Councilman

BAY AREA GROUP WILL PETITION FOR CHANGES IN COUNCIL DISTRICT

Mission Bay Chamber of Commerce, at a special meeting held Wednesday evening at Glenn's Drive-In, passed a motion authorizing the group's executive board to prepare a petition to the powers-that-be, the petition to ask for a city councilman to represent just the Bay area communities of Ocean Beach, Mission Beach, Pacific Beach and Bay Park Village. The plan is, as explained by President Steven Young at the meeting, to ask for a re-districting of the city councilmanic districts in order to provide the Bay area communities with a councilman of its own.

Young opened the meeting by reading a detailed program of executive board-proposed activities for the group, and urged that action rather than talk be the slogan from here on out.

Beside the councilman change proposed, the program, as read, included the following main items:

Request that the city council positions be made full time jobs.

Opposition to proposed increases in street car and bus fares.

Opposition to the latest routing by the city planning commission of the road between Ocean Beach and Mission Beach.

Opposition to enlargement of the yacht-boat basin.

Outdoor bowl seating 10,000 recommended for Mission Bay area.

Investigate the possibilities of holding a winter fair in Mission Bay park.

Recommend a first line hospital for the Bay area.

## SAILOR FALLS 40 FEET LANDS UNHURT ON BEACH

Somewhat embarrassed, but unhurt was sailor James Dillon, after falling down a 40-foot cliff at the foot of Pescadero Ave. Sunday evening. Dillon was hauled to safety by Patrolman R. R. Fargel and G. L. Dunbar, who had been called to the scene when the sailor found he was unable to climb up the sheer face of the cliff and was trapped on a small strip of beach by the tide. Dillon landed on the sand and sustained only minor bruises. Following his rescue Seaman Dillon reported back to his ship, the USS Rendova.

Both the Ocean Beach Chamber of Commerce and the Ocean Beach Kiwanis club have been working on a campaign to have the residence moved as soon as possible in order that the youth of the community might be able to use that part of the school ground for a softball diamond. The organizations also aim to request that flood lights be installed to provide night use of the grounds for softball and other games.

The News this week extends welcome to Ensign and Mrs. Don Ramsey, who have joined the citizenry of the Beach. Mr. Ramsey is stationed with the navy at North Island and the couple live at 464 Santa Cruz. Married in February, Mr. and Mrs. Ramsey hail from Iowa.

"STAND STILL" while I get you ready for the show," Dick Welton tells Dinky, who appears not to mind a liberal soaping. The dog, a Welsh Terrier, is entered in the Silver Bay Kennel Club's All-Breed show, to be held in Balboa Park Saturday and Sunday. He is one of 675 canines competing for trophies and ribbons. ## New Traffic Laws To Go Into Effect Sept. 19 Announced

SACRAMENTO, August 21—A sheaf of new traffic laws, most of them aimed at curbing California's mounting highway carnage, become effective September 19, 1947, Edgar E. Lampton, State Director of Motor Vehicles, announced today. Recruits under instruction at the Patrol school and Highway patrolmen will be briefed on the new legislation.

Probably of greatest interest to most drivers, Lampton said, are new laws permitting right turns against a red signal light and requiring slow-moving vehicles to keep as close to the right-hand edge of a roadway as possible.

A right turn against a red light is permitted after a complete stop only when traffic is clear and when the intersection is not posted against such procedure.

Lampton listed some other important legislation effective September 19 as follows:

Requiring the Department of Motor Vehicles to suspend the license of anyone convicted of drunk driving for the first time for 90 days instead of 30 days and changing the suspension period for a second conviction from 90 days to one year. The court would be required to forward records of conviction to the Department within 10 days.

Prohibiting passing on the right by driving on the paved or main portion of a roadway.

Relieve drivers on divided highways of the necessity of stopping for school buses discharging or loading passengers on the opposite roadway.

Permit the highway patrol to move automobiles parked on a highway in a manner obstructing the normal flow of traffic.

Authorizing the Department of Public Works (correct) to post snow area speed limits at 25 miles per hour.

Requiring parallel parking along curbside state highways unless otherwise indicated.

Holding a driver responsible for action of persons riding on parts of a vehicle not intended for passengers.

Barring speed contests or exhibitions on highways or their promotion and forbidding barricades for such purpose. Violators can be taken immediately before a magistrate.

Forbidding a person to stand in a roadway to solicit a ride. Use of the road shoulder or curbing for this purpose is permissible.

Require drivers to yield right of way to pedestrians when driving over a sidewalk to gain access to a filling station or other facility.

Prohibit movement from one lane to another in traffic without predetermining safety.

Make it unlawful to install, sell or replace any part of a car not meeting provisions of the Vehicle Code.

## LEADERS STILL NEEDED FOR GIRL SCOUT TROOPS

Local women interested in Girl Scout leadership were advised this week by Mrs. E. F. Olson, neighborhood chairman, that classes of leadership instruction will be offered in time for fall scouting activities. The class will be held in Scout House in Balboa Park's pepper grove from 9:30 a.m. till 12:00 p.m. They will begin September 4, and are scheduled to continue through September 9, 11, 16, and 18. Leadership candidates may choose the area and troop in which they will work, and arrangements have been made to provide a nursery in the park for the young children of the students.

## STANTON BENNETT'S HOME FROM EXTENDED TRIP

Mr. and Mrs. Stanton A. Bennett and their three children Ruth Ann, Barbara and Herbert of 4447 Hill St. returned August 8 from the East, where they had been vacationing since June. Chief reason for the trip was the wedding, in Concord, Mass. of Mrs. Bennett's sister, at which little Ruth Ann was flower girl, young Barbara was bridesmaid, and their mother served as matron of honor. After visiting with Mrs. Bennett's mother in Concord, the family journeyed northward to Bath, Me. for a visit with Mrs. Bennett's brother and his family there. The entire trip was made by train.

Mr. and Mrs. A. D. Bellman of Santa Barbara left August 18 after a four day visit with their son, M. R. Bellman of 4650 Niagara. Mrs. M. R. Bellman was in Oakland visiting her brother. She departed with her mother, Mrs. Florence Creech, August 3.

**Pacific Beach Members Visit**  
An unusually large delegation of Kiwanians from Pacific Beach attended the meeting. They had come over with their wives who were in attendance at the Ocean Beach Kiwanian-Annes meeting, held the same evening.

Arthur Byers, who officiated as program chairman for the evening, introduced Frank Cox of San Diego, better known as Frank, the "Trainman" Cox. Cox gave an unusual program, telling about his hobby of collecting old toy trains. He exhibited two of his toy electric trains, one a "tin-plate" model, the other a "scale" model.

He said he got started on the hobby as a small boy back in 1910, and has been carrying on the hobby ever since. In his museum at his home on Cleveland Ave., San Diego, to which he cordially invites all interested visitors, he has a collection, he said, that now includes a total of 182 toy locomotives and 600 train cars of all kinds and that the oldest of these model trains dates back to 1880.

His service, he said, consists of helping youths to build model trains and with their train problems.

customers counter is to be a feature. Seating facilities for customers also are to be provided. A service room and also rest rooms are included in the plans.

Another change from the present arrangement of collections will be the operation of the building and collection office by the company's own personnel, and the company aims to have sufficient help to reduce waiting in line to a minimum.

Completion of the new building will mean that the Ocean Beach folks gas and electric bills will be paid at the new location, and the city water and telephone bills at the separate location. Miss Florence Cook recently resigned as the manager in charge of collections at the present location and Mrs. L. O. Brennen has succeeded her.

## Norma continued

(Continued from Page One)  
a Florida summer day! Ordinarily no visitors are allowed at the lumber mill, but I was an exception. I explained, "I'm getting my education by experience." Patiently the executive explained the process to me then asked another fellow to show me the machinery. From the "debarkers" to the "rewinders," I went. It was like being inside a huge animal whose guts gurgled, roared, splashed, and seethed. The heat and strange smells were almost overwhelming, the worth bearing to witness the life-like workings of the paper mechanisms. (Port St. Joe is famous for its paper mill.)

Will write more about it later. Saw speed boat races at Panama City yesterday. Am O.K.

Love, Norma.

July 15, 1947, Tuesday  
Hello Mom,  
I forgot to tell you about seeing my first pitcher plant. I was really thrilled, botanist that I am! I jumped off my bike, over the pasture fence and stooped to examine a cluster of specimens. The owner of the meadow stood in his doorway eyeing me wonderingly, then scratched his head. I slit one of the long stems open and sure enough—there were the skeletons of insects that had been trapped. Since then, (on the way into Mobile) I have seen many more in the marshy fields. The first ones were pale green with scarlet edgings. I've found solid green ones and bright yellow ones.

July 17  
Tallahassee, Florida

Gee, a lot has happened to me since Apalachicola. I'll try and squeeze it all on here! Will you please mend the pocket on my dungarees and send them and my belt to Jacksonville?

(Note: Norma bought new jeans in San Antonio, sent her old ones home, lost the new ones in her tussle with the river. I bought her a new pair and a new belt in Ocean Beach and airmailed them to Jacksonville. Norma's Mom.)

After I sent your card in Apalachicola, I went down to the fishing wharfs (for which Ap. is famous) and I tried to get a seven day trip on a fishing boat—couldn't 'cause the wives wouldn't understand. I'll try to tell you more about it later.

Then I was escorted all about town by an admiring group of boys (average age 11) on bicycles. Left Ap. at 1:30. Strong wind carried me up the St. George Sound. The last of the pretty beach was at Panama City.

After a small stretch of white sand at Indian Pass the shore was all unattractive, rather muddy with dirty water. Took highway No. 30. Spent night on screened porch at Medart. (Got eaten up by dog fleas.)

Since Texas, all rivers have been muddy or black, mostly black. Saw clear water again at Wakulla Springs. Only mail at Tallahassee was letter from B. W. —I met in Louisiana, he wants to marry me.

Swam at Wakulla Springs from about 9:00 a.m. to dusk. Most wonderful spot I've found so far in Florida. Small, but modern hotel, in remote woods area. Glass clear natural pool, sandy bottom fringed by swamp jungle, where Tarzan pictures have been filmed. Four diving levels—highest 35 ft.—from which I jumped, lived ten lives on the way down. Five floating rafts and best of all — three under-water chambers (metal and glass boxes on the bottom to swim into for air) and a compressed air hose to breathe from while exploring fish and water plant world. After I learned to use the hose, chambers and borrowed a face plate, I stayed under the surface indefinitely. Boys go down and swim thru ledge of bottomless hole from which underground river comes, for glass bottom boats full of tourists who give them money. I learned some more about diving.

Had a lesson on negro situation from a Tallahassee teacher, on whose farm I spent a night.

Took sand highway No. 61 from Springs, had awful time in sand with small tires.

Am so tired today can hardly hold my head up. Hope I can make it over the hills out of Tall. There is no Y.W.C.A. here!

Love, Norma

(Note: I had no card or letter from Norma until the telegram at 7:00 a.m. Aug. 1, from Jacksonville.)

Yippee, I made it. Arrived Jacksonville 6:30 p.m. July 31.

Love, Norma

Mr. and Mrs. E. Tavernier and their daughter of 4659 Castellar drove to Los Angeles August 16 to meet Mrs. Lester Rundlette of Thompsonville, Conn. who will spend two weeks with them.

## SHORT STORY

## Home Run

By  
GROVER HEIMAN

MARY'S eyes had been serious as Matt turned to go into the clubhouse and he knew she was going to say something. He didn't want to listen, but he waited.

"I wish you would quit baseball and go into business with Father," she said, twisting her gloves in her long fingers.

"We've talked about this before, darling. Hundreds of times. I thought it was a closed subject."

"I'm reopening it, Matt. I've worried sick night after night."

"We'll talk about it after the game," he said wearily and the old anger grew large in his chest. Why this again!

They had been married less than a year and it had been the same story since spring training. Sure he had been lucky to get her. Or was it lucky to marry a girl with a cool million?

The cheers of the crowd that greeted the Red Legs when the team poured out of the clubhouse was music to his ears.

Here were his people—the fans. Rich and poor, they had one consuming interest and he shared that interest. Baseball was king in this square of grass circled by stands and myriads of faces.

The game rocked along as a pitcher's duel. Matt worked a fast double play in the top of the eighth to nip a Greenie rally and the stands went wild. Matt glanced at Mary, but there was no sign of elation.

The Red Legs needed this win to move into first place, but the outlook was dim when the first two batters swung three times and then came back to the dugout. Matt chose his bat and took his place at the plate.

Mary was still on his mind and he watched the first ball slant in and faintly heard the umpire call a strike. The next pitch was a strike and Matt gave the bill of his cap a jerk and leaned closer. Slow burning anger boiled up then and he was eager for the next throw. He wanted to hit it with everything he had, wanted to hurt the ball because he was hurt. It came and he swung.

The solid crack of the bat told the fans and they rose as one to cheer. Matt looked over his shoulder after touching second and grinned. A home run and the ball game. He noticed the two girls sitting next to Mary, on their feet and cheering.

MARY was waiting for him at the clubhouse. He wanted to hear her say it was a good hit, but her face was clouded in thought. She took his arm and they walked to the gate. A mass of humanity met Matt, and he had to halt. He autographed the ball and then books, tickets and anything else they shoved into his hands.

A tousle-haired boy standing on Mary's side turned a freckled nose to the boy standing beside him.

Two girls on their feet and cheering.

"Boy!" he murmured in awe. "Matt Johnson. That's what I want to be—a ball player like Matt."

They ate dinner and conversation was sparse. Matt wasn't happy, not with Mary feeling this way. It looked like a choice—Mary or baseball. He knew it would be Mary, but he loved baseball. The bank job with Mary's father would drive him crazy. If only she could understand! As he paid the check he heard a man at a nearby table saying to a woman in a turban:

"That's Matt Johnson, one of the greatest second basemen in the game. That guy is a credit to the game and to the country. Really a clean sportman and the idol of a million kids..."

Matt took Mary's arm and they departed. He didn't want to hear more. In the car he made up his mind. It would be better to break with the game now than later. He knew it because he knew himself.

"Mary... about baseball..." She put her finger over his lips and kissed his cheek. "I've been a fool, darling. A selfish fool. I realized it when you hit the home run and when the fans wanted your autograph. And the way they cheered. Those boys by the car, what they said, and the man in the grill. You can't leave baseball, Matt. You are baseball."

She was attended by her sister,

President Mrs. Alfred Sand received the group and presided over the meeting, which was conducted to instruct the Pacific Beach group in the ways of Kiwani-Annes organization.

Reports were brought by Mrs. H. H. Hartvigsen, who explained the history of the Kiwani-Annes in Ocean Beach and by Mrs. Martin Murphy, hospital committee chairman, who reported on the work of the club in respect to hospital charity. This last was a lengthy report, stating the visits of the ladies to Vaulclan Tuberculosis Sanitarium for Children. The project has entailed the giving of small presents to the little patients and paying them visits. Assisting Mrs. Murphy on this committee are Mrs. I. W. Parks and Mrs. J. W. Wilhoit. Mrs. Murphy said that "even trifling

gifts" such as ice cream cones, graham crackers, hard candy and the like are greatly appreciated by the unfortunate youngsters. The children's convalescent home of the county hospital also is regularly visited, she said.

Dinner was served in the clubhouse by Mrs. L. W. Parks, Mrs. J. O. Plant, Mrs. H. H. Hartvigsen and Mrs. Joe Beardsley, who also were responsible for the table decorations.

Miss DeLon, the daughter of Mrs. Carson M. DeLon of Westport and the late Mr. DeLon will wear a gown of white marquise and fingertip veil with pearls which are a gift of the groom. She will carry a cascaded bouquet of gardenias and shattered carnations and will be given in marriage by John Carero of San Diego.

Mr. Butler's cousin, John Sturtevant IV of Encinitas will be best man and the bride will be attended by her sister, Mrs. Stanton Fancher of Weston, Conn. Nadine McCamant of Burbank will be flower girl, carrying a basket of pink roses.

Two perennial wedding favorites, "Always" and "Because" will be sung by baritone Ward Soladar of Long Beach, accompanied at the piano by Mrs. David Booth, also of Long Beach.

## FIGHT FOR PEACE NOT OVER

Two years ago on that unforgettable August 14th we all waited for the fateful hour of four o'clock. It seemed a certainty that the Japs had thrown in the sponge officially. But until four when the President's press conference was to be held we couldn't be positive.

Came the hour—and peace! Well, it wasn't unexpected but from that moment on for the next three or four days the whole country went on a sort of emotional binge. All the pent up tension of the war years suddenly found release. People shouted and cried and prayed and marched in the streets and threw confetti—and a lot of other things—and acted zany in general.

Finally, the spree was over and we all settled down to enjoy the newly-won peace. But peace didn't turn out to be quite what we had expected. Probably the reason was that world conditions were not peaceful. Fighting broke out in Indonesia. The Chinese kept on battling among themselves. There was shooting in the Philippines. Palestine and India continued to seeth. Russia's conduct toward her allies was not friendly.

Even at home we had a first class brannigan between management and labor that dealt the nation a blow from which has not yet recovered.

To sum it all up, we found out after August 14, 1945 what had been discovered after November 11, 1918, namely, that the mere declaration of peace doesn't automatically bring peace. We've learned that the fight for peace is a harder one, in the final analysis, than any military operation.

But we must win the peace. We must win it through a courageous stand for the right as we see it both at home and abroad. We must win it through wise, not impulsive, action. We must win it through faith not merely in material might but in that Power which inspired the founding of our country and has preserved it through the years.

## TIME BOMBS BY VIC

He who builds a fence fences out more than he fences in. Caring for others means having what it takes to put up with the worst in people because we believe in the best in them. Rest comes from a peaceful heart and a clear conscience—not from a day in bed.

It's not a program but a passion that we need. Nobody needs to be told how to run a hobby.

In industry we can either suffer from a revolution or start one.

Some men have a stiff lip instead of a stiff spine and heat in their heads instead of fire in their hearts.

In homes where nobody "wears the pants" everybody wears a smile.

You don't spread light by being anti-darkness.

## NEWS IN BRIEF

Mrs. W. Burkett of 4436 Alhambra will leave today for Springfield, Mo. where she will visit with her daughter.

Mr. and Mrs. Jack E. Reich this week moved into their new residence at 4711 Newport Ave. With their two year old son Jackie, the couple had been making their home with Mr. and Mrs. Reich's mother, Mrs. Edith Reich at 4721 Newport.

Mr. and Mrs. R. W. Mort of Palo Alto will leave at the end of this week after a week's visit with Mrs. Mort's parents, Mr. and Mrs. August Hinrichs at 4480 Montalvo. They arrived in the Beach August 17.

John E. Loftus of 4645 Santa Monica was admitted August 14 as a patient in the Metabolic clinic at Scripps Memorial hospital in La Jolla. Mrs. Loftus reports that he is seriously ill and that his sojourn there is indefinite at present.

## ECHOES OF THE PAST

The following items are reprinted from the edition of The Beach News of August 27, 1927.

Lamps are being installed for the new ornamental lighting system on Voltaire from Abbott to Froude and complaint is already being heard that the heavy foliage of the trees on the parking darkens the desired lighting effect.

At the Strand: Pola Negri in "Barbed Wire."

Among streets paved in an extensive improvement plan of the city were Cape May, Saratoga, Brighton, and Newport Ave.

The telephone company expended \$21,000 to install facilities for telephone service at the Beach.

Hubert S. Barnes, for two years a science teacher at Point Loma high school, resigned to accept the post of principal of Redlands high school.

Florence Miller of 4770 W. Pt. Loma Blvd. was chosen Miss San Diego for 1927. Miss Miller received \$100 in gold and a screen test for M.G.M. movie studios as her prizes.

Wistful Wishing Dept.: These ads appeared in the Beach News 20 years ago: "100' x 140' corner lot on paved street, two modern houses on it; one of them furnished; priced at \$9500." and "For Rent: Desirable apt. suitable for retired Naval couple."

Goodyear Tires were advertised as selling for \$7.95.

## SEA BREEZES

Let's Laff  
Maybe Think

A lot of girls waste time wrestling with their conscience when they should be learning jujitsu.

The election board in a southern town came across a Republican ballot. Not finding anything wrong with it, they put it aside until they had time to decide what to do about it. After a while a second Republican vote showed up.

The chairman grabbed both Republican ballots and tore them up, shouting, "That son of a gun! He voted twice!"

The group of kindly French people solemnly placed a wreath on the little mound of earth, and paused for a moment with bowed heads, then walked slowly away.

They couldn't read the inscription on the rough-hewn slab of wood. It said: "U. S. Army Latrine, July 14, 1945."

The old lady was introducing the new deacon to her husband, who was a little deaf and a Republican.

"Darling," she said, "This is the new deacon."

"New Dealer?" shouted the old man, indignantly.

"No, new deacon, new deacon," she repeated loudly. "He's the son of a bishop."

"I know!" he yelled back. "They all are!"

A boy who wants to make the news, Aspires to fill his papa's shoes; His sister hopes for something better— She hopes to fill big sister's sweater.

of all presented as a vigorous young woman deeply in love with her husband and though she knows her feelings are not reciprocated, there has been no indication of any unhappiness between them in the play's opening act. Her sudden decision to abandon life itself in the interests of his happiness with another woman is uncharacteristic and hard to swallow. An added incentive is given her in her sincere friendship and admiration of this third party, which in any case is superfluous and downright silly.

Despite this serious shortcoming, the play is well handled and for that reason believable. It sags badly in spots, especially the second act, which wanders, but the dialogue is bright and at times very clever.

Beatrice Pearson, as the suicidal Judy, acts with restraint most of the time, but she has a tendency to jump the gun on her fellow actors, answering them before their questions have reached the audience.

Walker, as her young husband,

David, is his familiar appealing self, perhaps a little too appealing for this strained role, showing no embarrassment whatever at being caught between the affections of two women.

The play's honors are shared equally by Karen Morley, who as Mariella had a brisk part from which she skillfully wrings the last drop of sympathy, Jean McGlory who bounds convincingly all over the stage, and Selena Royle, whose performance is that rare combination, a well written supporting role ably handled. She, as the meddling Hannah, incidentally, is the only consistent character in the play. Colin Keith-Johnston, as the husband of Mariella, does admirably with a carelessly written part.

The heavy cruiser USS SALEM, the 100th ship constructed at Quincy, Mass., since Pearl Harbor, is equipped with air-conditioning facilities to increase personnel efficiency in varying climates.

Miss Carol Peterson was in charge of the bride's book. Other guests present for the affair included Mr. and Mrs. Fred Post of Arcadia, Calif., and James R. and Nita Louise Frey, cousins of the bride who came to Ocean Beach for the occasion from Sioux City, Iowa.

The newlyweds departed that evening for a honeymoon trip to Lake Arrowhead, where they plan to spend ten days. Miss Pillsbury had prepared an ensemble of a white gabardine suit, matching hat, and red snake shoes and bag.

Miss Pillsbury is a graduate of San Diego high school in San Diego and is currently a student at San Diego State College, where she is vice president of Alpha Sigma Chi sorority. She plans to continue her education there.

Her bridegroom is a graduate of San Diego high school and is at present a law student at Balboa university. He also intends to complete his education there. During the war he was a member of the United States Army Air Forces, attached to the communications division, in which he served for three years.

The couple will make their home in San Diego.
